GETTING INNOVATION IN MARKET THROUGH DESIGN

IPSA's luxury range offers a unique blend of security with elegance. This range consists of prestigious and high level products satisfying the luxury needs and refined tastes of the consumers, giving their home / work place a magnificent look.

IPSA never compromise to quality and function, individuality and authenticity. Bonding heritage with creativity, curiosity and innovation just like a family company, the company grows at every level.

OUR PASSION

Our passion is to 'break the ice' with bringing up new technology, new innovation, new improvements in the current market products to give a 'value to price ratio' for every transaction made with our group.

OUR MISSION

Our mission is to associate with more & more customers, stakeholders & individuals to create a presence of IPSA products, services & value for each one of them. Using IPSA must be a delight for them & creating a market where every home should have at least one IPSA product

WE ARE ENVIRONMENT FRIENDLY

Each design and production step is carefully checked with regards to the environmental and each of the following decision is taken if our eco-compatibility are fully reached. This means that when we manufacture our products, IPSA doorware will be assured by the advanced technologies and very strict controls carried out by a very highly qualified personnel, generating a product conceived constantly thinking of the environment.

OUR VISION

Our vision stands simply to make 'IPSA' one of the internationally renowned brands across the globe & to be a leading manufacturing setup as well as a supplier under our sector of business.

WE ARE SOCIAL RESPONSIBLE

We are committed to improving the quality of life of the community we serve by following all the labour laws and using safe and secure technologies at work. We believe in paying back to society from whatever we earn and for this our management is continuously involved in social practices and donations, not only to gain our customers, employees and other stakeholder's trust in us, but also to fulfill our social responsibility.

COMPANY PROFILE

Founded by Mr. Anil Aggarwal in 1980, IPSA Group has become a leading Indian Manufacturer of Door Architectural Hardware and Furniture Fittings. Over the past four decades, the company has earned a reputation as a trusted name with the introduction of the IPSA brand in 2000. The Family Managed Business is now in its second generation, and it is aligned and motivated with the organisation's vision.

IPSA has grown significantly, **achieving a 500% growth in the last five years alone**. The company currently operates four manufacturing facilities, including Unit 1 for **Door Handles and Locks**, Unit 2 for **Door Hinges**, Unit 3 for **Soft Close Cabinet Hinges**, and Unit 4 for **Ball Bearing Runners**, with its head office located in Sahibabad. IPSA aims to change the hardware manufacturing scenario in India by achieving autonomous and indigenous manufacturing for its entire product range, boasting the most extensive manufacturing capacities for all four units.

IPSA has an extensive client base that includes some of the biggest names in the real estate industry, such as DLF, ATS Group, Central Park, NBCC, and more. The company had a dealer

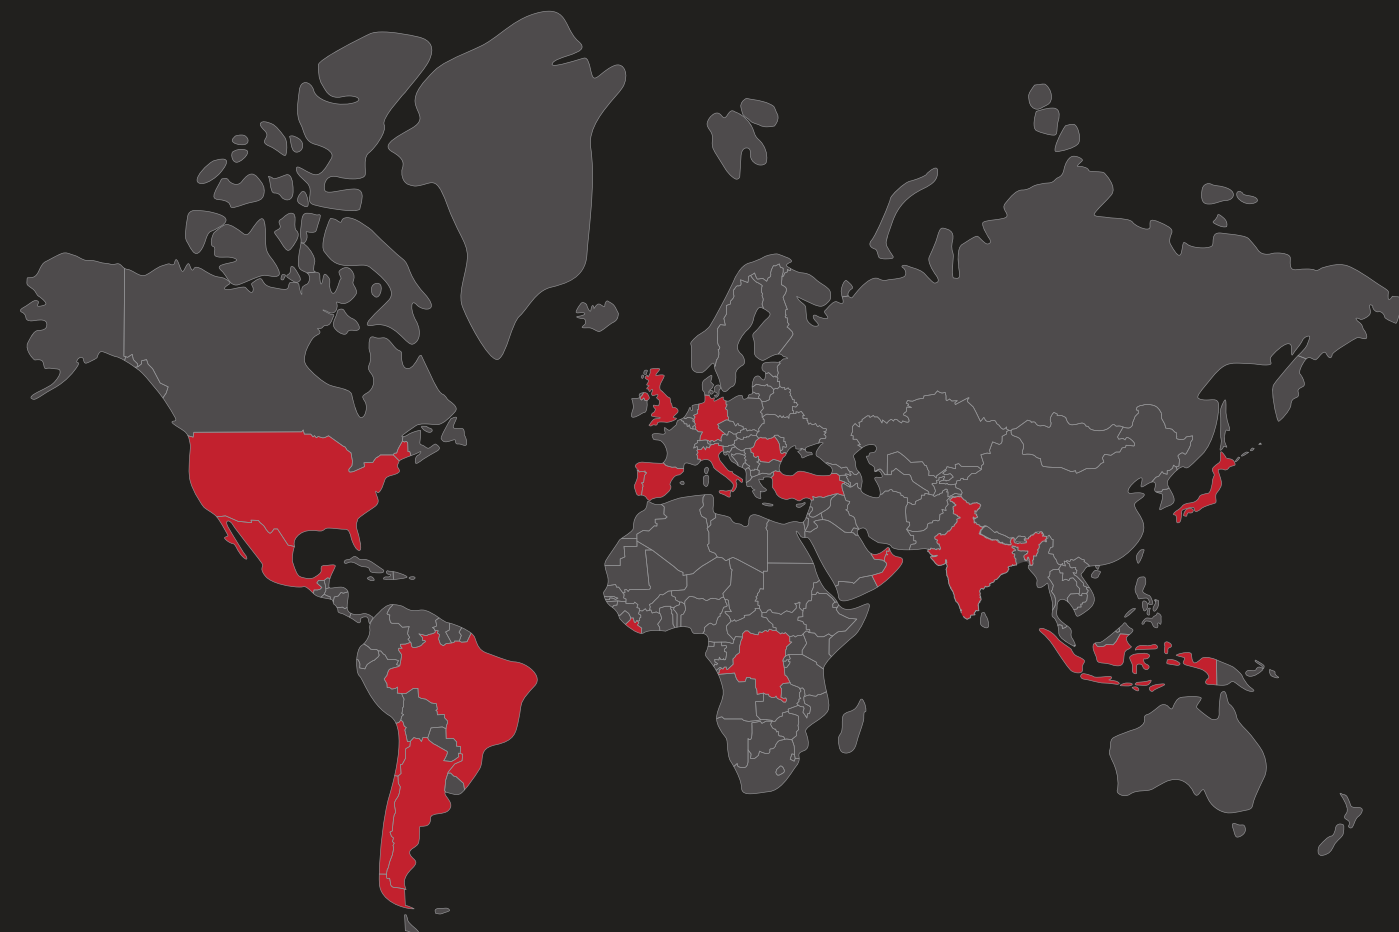

network of 5000 dealers in FY 2021-22 and supplied its products to 18 nations globally. Architects, interiors, and carpenters all over India trust IPSA's products.

IPSA is a one-stop solution for all hardware requirements, manufacturing Brass, Zinc (Zamak) Door & Window Hardware (Door Locks & Handles), Complete Aluminum & Stainless-Steel Fitting Series, Cabinet Hinges, Ball Bearing Sliders, and Aluminium Towerbolts/Handles. The company's production facilities are equipped with advanced techniques and machinery operated by qualified and skilled operators. Quality control measures are adopted at every production stage to provide the best quality products for customers. IPSA maintains International Standard specifications and Certifications like **ISO, ISI, BSI, CE, FCC, ANSI, and others**.

In conclusion, IPSA Group is a trusted Indian manufacturer of Door Architectural Hardware and Furniture Fittings with over **four decades of experience** in the industry. The company provides high-quality products and exceptional service to clients in India and worldwide, offering a one-stop solution for all hardware requirements.

GLOBALY PRESENCE

You can access our extensive and exclusive range of products through authorised dealers and service centers to get top-notch sales and service experience worldwide. Our aim is to address your needs quickly and conveniently and for that we have trained and dedicated team. We have also recognized the different needs of the customers in different regions of our country and to cater to these needs we have established a well equipped dealer network in the major cities across the world.

MANUFACTURING PLANTS

PRODUCTION PROCESS

PLANT - 1 CABINET HINGES

IPSA started India's first state-of-the-art manufacturing plant to produce Soft Close Cabinet Hinges with an installed capacity of 40 million pieces annually, further opening the Indian market for global customers to source the same against other Asian/ European countries.

PLANT - 2 DRAWER SLIDES

IPSA started India's first state-of-the-art manufacturing plant to produce Ball Bearing Runners (Standard & Soft Close) with an installed capacity of 40,000 sets daily, further opening the Indian market for global customers to source the same against other Asian/ European countries.

PLANT - 3 DOOR HANDLES & LOCKS

Established in 2000, IPSA door locks & handles have one of the largest capacities of 50,000 sets a month with over 200+ designs of door handles serving in 10 different finishes, across the country; producing under Zinc/ Zamak, Brass, Aluminum & Stainless Steel metal.

PLANT - 4 DOOR HINGES

Established in 2005, IPSA has one of the biggest manufacturing capacities of 1 million pieces/ month made from Stainless Steel 200, 300 & 400 series, materials procured for India's largest steel manufacturing company with door weight bearing capacity from 35 kg to 150 kg more than 200,000 cycle test is done complying to EN 15338 standards.

PLANT - 5 ALUMINIUM FITTINGS

Being the oldest manufacturing plant, IPSA Aluminium Door Fittings has been manufactured since 2000 with all the BIS standards. With supplies to all Indian renowned departments like CPWD, PWD, AWHO, MEIS, DDA, etc.

QUALITY

For IPSA Definition of Quality Make it Right when "No-One" is Watching Conform to International Quality Standards Quality which can be certified & prescribed in numbers.

- Zinc metal alloys of certified quality
- First electroplated Copper layer
- Second electroplated Copper layer
- Very high electroplated Nickel coated layer
- Electro-phoretic Lacquer

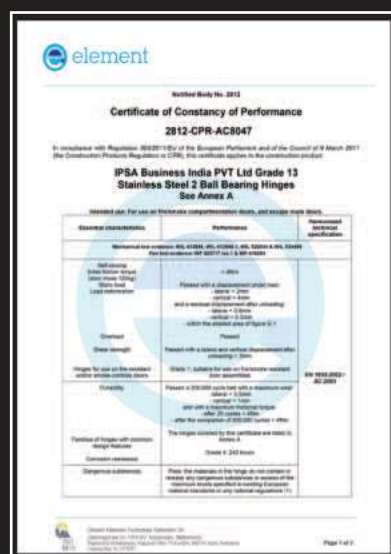

Our products also confirm to the following International chemical and physical tests

- Single Rub Acetone Test :- 2500 +
- Pencil Hardness :- 4h +
- Normal Salt Spray Test Per ASTM B117 - 500 Hrs. +
- Abrasion Test :- 18+ (Litres Sand) (As per ASTM D968 using Ottawa Sand)
- UV Light Resistanse (Using UV B 313 tubes 2 hosts UV at 60°C) Less than E 2.0 at 500 Hrs. (Complete fade is equivalent to approx. E20)
- Sweat Test (ASN/BHMA Test + USA Specification) 4+

CERTIFICATION

TECHNICAL SPECIFICATION

Cabinet Door with Applicable Height Less Than 2800mm

Material : High Grade Nylon PA66

Features :

- Mechanicle Buckle Lock,
- Fast Installation
- Applicable Hinges
- Soft Close Hinge,
- Auto Hinge

Positioning Mode of Buckle Lock :

Paste Positioning and Screw in.

Ejection Distance : 39mm

Maximum Elasticity : 3.5kg

Adjustment Range : +5mm

DOOR HINGES

Every angle justified
with prime elegance

BALL BEARING HINGES

<p>CE Certified Accredited from International Institutions</p>	<p>Made from COIL</p>	
<p>NOISELESS MOVEMENT EVEN AFTER 500,000 CYCLES</p>	<p>Single Axis Pin Design</p>	<p>FIRE TESTED 2 HR FOR WOOD 4 HR FOR STEEL</p>
<p>Weather Proof Greasing Works in -2°C - 50°C (One if its kind)</p>	<p>CF6175</p>	

Feature

- With bold axis core
- Excellent kinetic energy
- Cycle tested 500,000 times with weight 150kg
- Designed to effectively reduce the leakage phenomenon
- Increase force resistance by 35%
- Noiseless

Traditional Hinge

Riveted Bold-Axis Design

- With bold-axis core
- Excellent kinetic energy
- Cycle 5,00,000 times with weight 150kg
- Designed to effectively reduce the leakage phenomenon
- Noiseless
- Increase force resistance by 35%

Reflections of penchants for perfection

HINGES ICONS EXPLANATION

	Overlay Door		Complementary Hinge		Clip-on Mounting		Eccentric Adjustment
	Twin Overlay		Special Hinge		Slide-on Mounting		Adjustment
	Inset Door		Hinge cup Diameter		Hinge With Soft Closing		Tested Durability
	Corner Hinge		Hinge Cup Drilling Spacing		Hinge With Closing Spring		Material
	Wide Angle Hinge		Wood Screw Hinge Cup Mounting		Single Action Hinge		Finish
	Parallel Hinge		Mounting Plate Height		Double Action Hinge		Packing
	Parallel Hinge For Overlay Door		Wood Screw Mounting Plate Installation				

Approximate amount of hinges Ø35*

* Not applicable for special hinges with wide opening angle

Approximate amount of hinges Ø35*

* Applicable for special hinges with wide opening angle

Cup distance K:
Cup distance K is the distance between door edge and the edge of the cup drilling. Resulting from the type of door movement, the maximum cup distance depends on the specific hinge type. The greater the distance selected for cup distance K, the smaller door clearance will be, i.e. the minimum reveal required.

Door overlay:
Door overlay, or overlay A, is the distance by which the door extends beyond the cabinet side.

UNIVERSAL SLIDING ROLLER

Which Widely Using for Wooden Door, Frame Door, Such One System Can Be Work With 3 Type Aluminum Rails

Features

- Roller Can Be Both Concealed and External Assemble
- Roller Easily Grooving with 60mm Cup Diameter
- Door Minimum Width at 380mm (Normally in Market is 500mm)
- Door Frame Minimum Width at 42mm (Normally in Market is 50mm)
- Door Minimum Gap at 6mm (Normally in Market is 9mm)
- Loading Capacity 50kg Each Door
- 50000 Times Cycle Test With SGS Certification

Assemble

Concealed Version
Thickness of door: 16-32mm

Overlap Version
Thickness of door: 16-20mm

Door Flush Version
Thickness of door: 16-32mm

Application : 3 type cabinet like: bedroom wardrobe, shoe cabinet, TV cabinet you need only one system SL60
